The 37th International Conference on Acoustics, Speech, and Signal Processing (ICASSP) will be held at the Kyoto International Conference Center in Kyoto, Japan, on March 25 - 30, 2012. The ICASSP meeting is the world's largest and most comprehensive technical conference focused on signal processing and its applications. The conference will feature world-class speakers, tutorials, exhibits, and over 50 lecture and poster sessions on:

Audio and acoustic signal processing

Bio imaging and signal processing

Design and implementation of signal processing systems

Image, video and multidimensional signal processing

Industry technology tracks

Information forensics and security

Machine learning for signal processing

Multimedia signal processing

Sensor array and multichannel signal processing

Signal processing education

Signal processing for communications and networking

Signal processing theory and methods

Speech processing

Spoken language processing

**Kyoto:** The Cultural Heart of Japan. Kyoto is special because it reigned as the national capital of Japan for more than 1000 years. Seventeen UNESCO World Cultural Heritage Sites are situated in a cityscape dominated by 2000 temples and shrines. The rich heritage is also reflected in modern technical advances of Japanese frontier and leading industries. You and your family will be welcomed with all the hospitality of the cultural heart of Japan.

**Submission of Papers:** Prospective authors are invited to submit full-length, four-page papers, including figures and references, to the ICASSP Technical Committee. All ICASSP papers will be handled and reviewed electronically. The ICASSP 2012 website will provide you with further details. Please note that the submission dates for papers are strict deadlines.

**Notice:** IEEE Signal Processing Society enforces a "no-show" policy. Any accepted paper included in the final program is expected to have at least one author or qualified proxy attend and present the paper at the conference. Authors of the accepted papers included in the final program who do not attend the conference will be subscribed to a "No-Show List", compiled by the Society. The "no-show" papers will not be published by IEEE on IEEEXplore or other public access forums.

**Tutorial and Special Session Proposals:** Tutorials will be held on March 25 and 26, 2012. Brief proposals must include title, outline, contact information, biography and selected publications for the presenter, a description of the tutorial, and material to be distributed to participants. Special sessions proposals must include a topical title, rationale, session outline, contact information, and a list of invited speakers. Tutorial and special session authors are referred to the ICASSP 2012 website for additional information regarding submissions.

## **ICASSP 2012 Exhibitor and Supporter Invitation**

We are delighted to invite you to participate in the 2012 IEEE International Conference on Acoustics, Speech and Signal Processing, to be held at Kyoto International Conference Center, Japan on March 25-30, 2012. ICASSP 2012 will also present the 13th Annual Industrial Technology Tracks designed to promote industrial participation in which papers emphasizing industrial aspects and applications of signal processing will be featured. Some of the benefits enjoyed by exhibitors during ICASSP 2012 are:

- Industrial Technology Tracks featuring papers on industrial aspects of signal processing.
- Tutorials in multimedia and other emerging DSP application areas.
- Promotion available through ICASSP 2012 announcements and website.
- Centrally located exhibition area.
- Up to four discount registrations to tutorial sessions on March 25 and 26.

For companies interested in recruiting smart students, ICASSP 2012 encourages the exchange of employment information. Traditionally, ICASSP attendees include over 200 graduate students nearing the end of their programs of study, providing recruiters a great opportunity to seek out new and highly qualified applicant.
